

NEW PLASTIC ALUMINUM HEAVY DUTY RADIATORS

**SPECTRA
PREMIUM™**

EXPECT STRENGTH AND PERFORMANCE

Spectra Premium Plastic Aluminum Heavy Duty Radiators are engineered to meet or exceed OE Fit, Form and Function.

STRENGTH

- Heavy duty tanks with reinforcement ribs to prevent flexing and failure
- Stainless steel plated oil coolers
- Premium quality heavy duty fittings
- High quality aluminum alloy for optimal crimp strength and performance
- Reinforcement plate added on the inner shape to strengthen the core
- Precisely engineered tube to header fit design
- Every model is 100% leak test

PERFORMANCE

- Thermal tested under real life temperature simulation
- Thermal approved gaskets for the most extreme temperature conditions
- High efficiency plated oil cooler designed for maximum cooling efficiency
- Matches OE mounting specification for easy installation
